Manufacturing

UNIT-1 : Allopathic Contract Manufacturing

UNIT-2 : Nutraceutical Contract Manufacturing

Genesis

VTV Formulations India Pvt Ltd is a WHO GMP, ISO 9001 2015 certified company. We are customer centric, quality conscious company operating with eight sections in drug formulations entirely focusing on contract manufacturing or third party manufacturing for our clients across India.

VTV Formulations has recently started its 2nd unit dedicated to Nutraceutical manufacturing in Baddi.

We use authorized technology in a sterile environment to prepare our products. We strongly believe in continuous improvement & upgrade products, processes, equipment, systems as per global technology. This makes it easier for us to deliver the varied range of product at reasonable price to our clients in comparison to competitors, resulting in cultivating a positive outlook in the market and creating long term client engagement.

VTV Formulations India Pvt Ltd, is dedicated to increasing access to high-quality healthcare in domestic and foreign markets. Our third party pharmaceutical manufacturing program is excellent and provides various opportunities to our customers. Our company's goal is to give customers outstanding products, which we then support with top-notch customer service.

We are quite assured that our efforts to deliver a global quality output as a contract manufacturer will lead to continuing growth for clients in the coming years.

VISION

To provide comprehensive healthcare services, integrate across globe through innovation, quality and competence while honouring social and environmental responsibilities

QUALITY

At VTV Formulations Quality is not an act, it is a habit. Our products are of the highest quality, far above what our customers expect. All of our products are made in GMP certified facilities approved by regulatory bodies. We're committed to strive zero-defect and implement strict quality controls to ensure that every product manufactured from its manufacturing plant complies to all applicable quality and regulatory standards. Our entire organization is structured to facilitate the most accurate quality measurements and ensure quality controls are maintained at all times. This reputation of delivering consistently high-quality products in time has helped us to be considered as one of the key partners of hundreds of companies
